

SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES

The United States District Court for the _____ is soliciting a vendor to provide substance use, mental health, and/or sex offender treatment services. A vendor must be capable of providing services within a geographic area encompassing _____.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, approximately _____ to _____ vendors are needed to provide the required services. The Government reserves the right to award to a single vendor. **If the Government awards to more than one vendor, each vendor placed on the BPA will receive a share of the total quantity of Estimated Monthly Quantities stated.**

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. **In the event the Government has awarded to more than one vendor on a BPA,** referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of **four two** 12-month options, shall not exceed **36 60** months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. An asterisk * indicates a requirement line item which has been modified under “Local Services.” Offerors shall submit pricing and proposal information related to only the required services. Services proposed, but not required, will not be evaluated or included under any resultant agreement. Offerors failing to provide **offers pricing** on all **identified project codes (with the exception of actual cost or administrative fees)** **required services marked**, will be considered technically unacceptable.

Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

Note: Estimated Monthly Quantities (EMQs) represent the estimated total monthly quantities to be ordered per Service item project code under the BPA. Each vendor placed on the BPA may receive a share of the total quantity stated.

However, EMQ’s are estimates only and do not bind the government to meet these estimates.
